Avantco SS-PT-60-AC 60" ADA Height 2 Door Stainless Steel Cutting Top Refrigerated Sandwich Prep Table with Extra Deep Cutting Board

Item #178SSPT60AC

Technical Data

| | |
|-------------------------|-----------------------------|
| Width | 60 1/4 Inches |
| Depth | 35 1/2 Inches |
| Height | 40 7/8 Inches |
| Interior Width | 56 1/4 Inches |
| Nominal Width | 60 Inches |
| Interior Depth | 23 3/4 Inches |
| Interior Height | 23 1/2 Inches |
| Amps | 2.4 Amps |
| Hertz | 60 Hertz |
| Phase | 1 Phase |
| Voltage | 115 Volts |
| 1/6 Size Pan Capacity | 16 Pans |
| Access Type | Doors |
| BTU (LBP) | 1285 |
| Capacity | 15 cu. ft. |
| Casters | With Casters |
| Color | Silver |
| Compressor Style | Side / Rear Breathing |
| Cutting Board Thickness | 3/4 Inches |
| Door Style | Swing |
| Door Type | Solid |
| Features | ADA Compliant |
| Horsepower | 1/2 HP |
| Number of Doors | 2 Doors |
| Number of Shelves | 2 Shelves |
| Plug Type | NEMA 5-15P |
| Refrigerant Type | R-290 |
| Style | ADA Height |
| Temperature Range | 33 - 40 Degrees F |
| Top Type | Cutting Top Standard Top |
| Type | Prep Refrigeration |

Features

- Top accommodates (16) 1/6 size, 6" deep food pans
- Industry-best 3/4" thick, 15" deep cutting board provides 3 1/2" of additional workspace
- ADA height casters included; digital controls with automatic defrost
- Stainless steel exterior and interior; foamed-in-place polyurethane insulation
- 115V; 1/2 hp compressor; eco-friendly R-290 refrigerant

Notes & Details

Optimize your back-of-house operations with this Avantco SS-PT-60-AC 60" 2 door stainless steel refrigerated sandwich prep table, and better keep up with customer demands. Whether used in a university, sub shop, or hospital, the unit is sure to help streamline the sandwich prep process with its convenient features and capacity. Its top, for instance, accommodates up to (16) 1/6 size food pans up to 6" deep (sold separately). These are great for holding common sandwich or salad toppings, from eggs and cheese to green pepper or ham. Plus, a lift-up lid encloses the top to maintain proper, food safe temperatures. An extra deep full-length cutting board, which is 15" deep to provide plenty of prep space, is mounted to the table surface but can be removed for thorough cleaning.

Beneath the workspace is additional storage space. Because it's refrigerated, the space is great for storing back-up ingredients, such as deli meat and cheese, as well as less common toppings. Two epoxy-coated shelves are included and can each accommodate up to 90 lb. of weight, helping to organize your assorted supplies.

High-quality performance is made possible by the unit's 1/2 hp refrigeration system, which maintains temperatures between 33 and 40 degrees Fahrenheit. It does this by circulating eco-friendly R-290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3, making it an environmentally-responsible choice for your business.

The construction of this unit is designed with commercial use in mind. It features a 430 type stainless steel exterior and 304 type stainless steel interior, which are fortified with foamed-in-place polyurethane insulation. The insulation also helps to promote proper temperature retention. 2 1/2" casters make moving simple for easy cleaning and bring the unit to an ADA-compliant working height. For operation, the prep table requires a 115V electrical connection.
